Charging For Earphones

- Fully charge the battery for 1-2 hours before using the earbuds for the first time, or when they have been unused for extended periods. Put the earbuds into the charging case, and they will charge automatically. The indicators of earbuds will be lit-on orange and the indicators of the charging case flashes white once time. The indicators will be off and the earbuds are fully charged.

Charging For Charging Case

- When the charging case is connected with a charger (or computer USB port) by charging cable, the indicators of the charging case will flash in white. When the charging case is fully charged, the indicators will be lit-on white.

- NOTE: When the charging case is out of battery, the earbuds will not turn on/off automatically when removed from or placed back into the charging case. In this case, turn the earbuds on/off manually.

First Use & Pairing

- Auto Power-On & Pairing: Take the earbuds out of the charging case, the earbuds will automatically power on and enter pairing mode.

- Manual Power-On & Pairing: Touch the MFB for 2 secs on both earbuds to turn on the earbuds. The earbuds will automatically enter pairing mode.

Turn on the device Bluetooth setting. Search for and choose GUESS TWS to pair, your device will show "connected". After connecting, the indicator of the primary earbud flashes white and orange alternately and the indicator of the secondary earbud will be off.

Power - Off

- Auto Power - Off: Put L&R earbuds into the charging case, the earbuds will automatically power off.

- Manual Power - Off: Press the MFB for 5 secs on both earbuds to power off the earbuds. The earbuds will automatically turn off when without pairing for 10 mins.
